Dear Mr. Donahue and Mr. Adamchak,

The Delaware Public Service Commission ("Commission" or "PSC") is in receipt of the application (the "Application") by Mobilitie Management, LLC. ("Mobilitie" or "Company") for a certificate of public convenience and necessity ("CPCN") to provide local exchange telecommunications services in Delaware. In order to recommend approval of the Application, additional information is necessary, as required in 26 *Del. Admin. C.* § 4001 (the "Telecommunications Rules"), as indicated below. Staff would appreciate a response by **May 11, 2016**, however, the Telecommunications Rules, 26 *Del. Admin. C.* § 4001-4.2 provides that incomplete applications will be closed six months after the filing date, which would require a response prior to **October 7, 2016**. The responses and verifications can be uploaded as a subsequent filing in DelaFile under Docket No. 16-0314.

- Please provide a comprehensive, professional resume for each principal officer responsible for Delaware operations. The resumes should include a detailed work history with dates of employment, company names, and descriptions of tasks that offer support that the principals possess the knowledge, skills and abilities to render service in Delaware (*The Application states Exhibit B has brief biographies of the management team – I only received one. Please supply each principal officer.*)

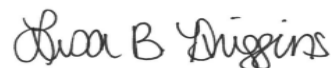

As required in 26 *Del. Admin. C.* § 1001-1.7.2, Rules of Practice and Procedure of the Delaware Public Service Commission (“Rules of Practice and Procedure”), verification of the Application is required. Please provide a signed, sworn verification of the original filing; this exhibit should be uploaded as a subsequent filing in DelaFile under PSC Docket No. 16-0314. In addition, please provide a separate signed, sworn verification with any supplemental filings in support of the application (a principal or officer authorized to sign on behalf of the Applicant).

Secondly, pursuant to 26 *Del. Admin. C.* § 1001-1.11.3 Rules of Practice and Procedure, please file a redacted, public version of any confidentially filed documents. Also required is an attestation that the information is not subject to inspection by either the public or by other parties unless an appropriate proprietary agreement is executed. Additional information regarding this request can be found by following the following link: <http://regulations.delaware.gov/AdminCode/title26/1000/1001.pdf>

Lastly, please clarify a few items for me. 1) Is it your intent to secure an interconnection agreement with Verizon or some other certified service provider and 2) Will you be providing switched access?
